Math

Next week we will continue Unit 1.

Our current topics include: Area, Volume, Multiplication and Writing Expressions. We are taking notes in our math spiral and students are required to keep their graded assessments as review guides for each unit. I will instruct them when to recycle them. IXL is also a great tool to prepare for assessments. All students should be reviewing multiplication and division facts on a nightly basis. Our first assessment was on September 3, so please ask your child to see their graded assessment. Please remember that Everyday Math grades are not in Power School.

MATH: Students took a "mini-quiz" in class today to judge where we are at with finding volume. Next week we will continue with volume, area with fractional parts, and writing and solving expressions. Our Unit 1 test will be on **Thursday September 16.**
