Things you should know about...

How to Access Your Child's Grades

If you are new to [grades](#) and PowerSchool, here are some quick videos to teach you and your family how to [navigate and monitor](#) PowerSchool. If you need help with login information, a sticker has been placed inside your child's assignment book. Per district guidelines, your child will never receive less than a 50% for any assignment. He/she may redo classwork that is less than 70% within a one week period of grade being posted.

We would like you to join us in showing our school spirit by participating in MARVELOOUS Mondays! Each Monday we encourage staff and students to wear Green and silver, Oakview Spirit Wear or super hero shirts! We look forward to celebrating MARVELOOUS Mondays every Monday!

Science

Our focus this week will be to observe and ask questions about plant structures; Analyze diagrams and learn about photosynthesis. We will also conduct a celery investigation to learn about the vascular system of plants.

Math:

1-12 Angles , Triangles, and Quadrilaterals:

1-13 Finding Perimeters of Squares and Rectangles

1-14 Unit 1 review

Unit 1 assessment on Thurs.

★Students should get a **green light** on Reflex on M-W-F as part of their homework!

T-Th we will be working on the new FRX (fraction) program.

Please review and sign the assignment books nightly.

Mr. Cavazos

Hello Parents!

Here is what we worked on during our 4-day week!

Homeroom Students:

Math - We worked on identifying lines, line segments, rays, and angles. We also solve problems for the perimeter of squares and rectangles.

Social Studies - We continue the chapter "Exploring Regions of the U.S." We looked at an overview of the five regions of the U.S.: Northwest, Southwest, Midwest, Southeast and West.

Afternoon Students (English Language Arts)

We moved on to our next story "Mary Anning", worked on using adjectives to describe a noun, and changing base word with the endings -er and -est, (large, larger, largest).

Here is Spelling List #4 for next week:

prairie, finally, rookie, balcony, calorie, movie, hockey, steady, honey, country, collie, alley, valley, empty, breezy, trolley, money, city, jury, misty

Mrs. Kettelson

Vocabulary

Vacant- empty,
blank

Dredged- dug up,
scraped, scooped

Depths- deepness,
underneath

This Week's Learning

Reading-We are reading the story, "Porpoises in Peril". We worked on analyzing sequence of events.

Grammar- Students learned about relative pronouns, simple verb tenses, and relative adverbs.

Writing- Students learned how to write and support a topic sentence.

Mrs. Lane

Mrs. Lane's 4th Instructional ELA:

We are well on our way into our story, Because of Winn Dixie. The student's really seem to be enjoying it! We have been working on short and long vowel sounds, vocabulary, and comprehension in the iLit program with our story. Homework is completed in class. Students can work on ixl.com for English Language Arts or read a book at home to keep up with fluency skills.

Mrs. Lessentien

Mrs. Lane's 4th Instructional Math:

We will continue working out of the EveryDay Math curriculum at the student's individual level to meet IEP goals. Students will also be progress monitored to collect data for their individual IEP goals. We will use ixl.com and reflex math as interventions. I would encourage ixl.com math or reflex math at home to keep up with skills.

Mrs. Berwanger

Science/Social Studies

Last week was a GREAT week! We wrapped up lesson 2 in Science by taking a test. Tests were read allowed but I spent less time directing them and pointing where exactly answers could be found! Everyone should be proud. We also spent some time dissecting owl pellets to kick off Lesson 3: learning about consumers. We will continue to read about consumers and hopefully take the test by the end of the week. I'll keep everyone posted through their assignment notebooks!
