**Mrs. Berwanger's Science/Social Studies Class**

We were unable to complete Lesson 1 this week in our Social Studies book. Early in the week, we will take a short assessment that will cover everything we went over in our notes packet. Be on the lookout for those to come home so you could review the lesson.. I will send home the textbook as well. However, the book could be found in the TCI app.

**Mrs. Berwanger's Math Class**

We will continue to work in the Everyday Math book. Chapter 2-Whole Number Place Value and Operations. When using the student portal if you click on the app McGraw Hill you could play games and watch videos that will help understand concepts. We will be taking Chapter 2 test sometime at the end of the week. Be sure to check assignment notebooks.

## Instructional ELA

### At Home Practice and Reading

Students are able to practice their reading skills in various ways at home. They can log onto iXL through the NLSD tech portal and practice skills chosen for them from the diagnostic test. They can also use the Raz Kids app on their ipads and read stories at their personalized level with practice comprehension questions. The Oakview library also has audiobooks that they can listen to from their ipads.

### Mrs. Deckinga's Instructional ELA Class

This week we finished up Unit 1 in iLit and took our Unit 1 Assessment. The students did a fantastic job defining and using vocabulary terms in sentences, explaining visualization, paraphrasing ideas, and answering comprehension questions on short stories.
