NOTE FROM MS. ZASTRO

Happy October, Bentley families! We are delighted to celebrate Red Ribbon Week at the end of the month. We will be sending home a more detailed description of our activities and our spirit days as we approach the end of the month.

Teachers are busy planning for our class Halloween parties at the end of this month. We will have our classroom parties on Tuesday, October 31, which is a half day of school (10:35am dismissal). Students may wear Halloween costumes to school on this day but please remember, no weapons of any kind can be associated with their costumes. Please make sure your child can move freely in their costume and are able to safely get on and off the bus if your child is a bus rider.

Thank you to our families for following the car rider drop off and pick up procedures. As a reminder, please do not drive around cars that are in our lot dropping off children. The children are also expected to exit their car on the passenger side, closest to the building. Thanks for your help with this!

NOTES FROM LRC

Welcome to October! There is a lot happening in the Library this month!

Scholastic Book Fair - October 24 & 25

This Fall Fair will only be two days long. Students will come in for a 20 minute period to shop. There will not be a preview day, but students will be able to access a link that will show them what books will be at the fair and how much everything is. There will be all the extras, such as pens, bookmarks, etc. as well. Information will go out to students the week of October 10. Profits will go toward popular books for the library!

Library Lions Club

I am very excited to have 23 students signed up for the Library Lions Club. These students will be helping in the library, helping with the book fairs, and participating in book talks and programs.

Library Programs

Students can participate in two ongoing library programs. One is the "Star Reader" program. Students pick up a monthly reading log in the Library, color in a picture for every 10 minutes they read, turn it in after 5 hours of reading, and receive a small prize. This program will go through the end of the school year.

The other program involves two programs sponsored by the Association for Illinois School Library Educators (AISLE), is for grades 3-8, and goes until the end of February. The Illinois Bluestem Award and the Rebecca Caudill Young Readers' Book Award are two programs that I call the "Choose to Read, Read to Choose" Program. Students will be receiving information about these programs during their library classes. Books will be made available in the school library, and are available at the New Lenox Public Library. Below are links to the book lists and grade recommendations for the Rebecca Caudill books.

Books and Reading @ Home

I was thrilled when I heard that Restart by Gordon Korman was selected as our all district read for grades 4-6! I highly recommend you read this book with your child. It is funny, heartwarming, and has a great message. Reading aloud to kids increases their vocabulary, fluency, and comprehension. It is also a great parent/child bonding activity. And after you finish Restart, you can pick up another book by Gordon Korman! Here is a link to his website to see what else he has written (and is writing).

Dear Bentley families,

During the school year we cover specific lessons about internet safety. We go through this curriculum every year to reinforce to students the importance of making safe choices while online. We believe a crucial component to keeping our students safe online is parent involvement. To that end, this year our district is providing you with a video series on this important topic.

Cyberparenting-101: Keeping Our Kids Safe by Det. Richard Wistocki, is an excellent resource for parents. Here is the link to this [Ted Talk](#), Password: NLSP623!. Additionally, there will be information in our monthly newsletter which will include a link to more entries in this series.

Here are some takeaways from this series:

- 1) Do not allow your child to charge their device in their room at night.
- 2) Know all of your child's passwords and usernames.
- 3) Teach your child the P test- If you sent this meme or picture to your parent or your principal, how would they react? Would they laugh and say it is funny or would they be concerned or disappointed?
- 4) Everyone you talk to online should meet these 5 verifications. If you cannot physically verify this information you should not be talking to them online.
 - a) First Name
 - b) Last Name
 - c) Phone Number
 - d) Address
 - e) Where they go to school
- 5) Have a technology talk with your children and let them know they can always come to you if they feel anxious or concerned about an online interaction, and know you will support and help them without judgment or consequences.
- 6) Almost all social media outlets require users to be 13 years old or older. Your child is lying about their age on-line if they are on these platforms.

Thank you.
