

## Morning Car Rider Drop-Off Procedures

### Liberty Junior High School

When pulling into the parking lot, please proceed straight back to the northern end of the parking lot and do a u-turn around the painted parking spot lines to head back towards the main entrance. There will be a cone with a directional arrow placed near the u-turn spot. Only buses should proceed past the cone to the northwestern corner of the lot. Cars should continue forward as far as possible along the sidewalk in front of the main school entrance before stopping to drop-off the student. Please do not stop in front of the door if there is open space available to continue pulling forward as it will back up the line of cars and slow the drop-off process.

Please drive slowly through the parking lot as to ensure our walkers are able to walk across the parking lot safely. Also please do not block the entrance to the bus lane that runs along the southern end of the school.

Thank you in advance for your help in making our morning drop-off as safe and efficient as possible.

## After School Car Rider Pick-Up Procedures

### Liberty Junior High School

When pulling into the parking lot, please proceed straight back to the northern end of the parking lot and turn left. Then proceed to the northwestern corner of the lot. Cars should then follow the curve of the parking lot back to the sidewalk that runs along the sidewalk on the eastern side of the building. The line of cars will begin at the cone on that sidewalk that designates the start of the space that is reserved for a couple of buses. Please do not park inside the area designated for those buses. Once our car-riders start exiting the building, they will enter their cars once they have pulled up along the sidewalk on the east side of the building. Cars should continue to pull forward as far along the sidewalk as possible before stopping to pick-up their student. Please do not stop in front of the main school entrance door if there is open space available to continue pulling forward as it will back up the line of cars and slow the pick-up process.

Please drive slowly through the parking lot as to ensure our walkers are able to safely cross the parking lot once they are dismissed. Also please allow our buses to exit the bus lane so they can start their routes as soon as possible.

Thank you in advance for your help in making our after school pick-up as safe and efficient as possible.
