## Your language journey starts now!

We welcome new and continuing students to our successful and rewarding second language program! We offer children the foundation they will need as they continue developing their language skills in the years ahead.

### Our Philosophy:

- All children have a natural talent for language learning and can benefit from this exposure.

- All sessions are an inviting and worthwhile option afterschool.

### Our Programs:

- Native and bilingual instructors highly skilled in the target language and have proven ability to work effectively with children, attending regular training sessions and workshops.
- Highly acclaimed and with well conceived curriculum that progresses smoothly in developing second language skills.

### Our Policies:

- No refunds will be processed after the start of class. We cannot accept returned materials for credit.
