Location of Current Bus Stop: _____

Do you simply just want to move to another existing bus stop? If so, which one:

Are you asking Transportation to create a new bus stop location? If so, where are you suggesting:

New bus stops can only be created if there is a clear danger at the current location.

Please describe the clear danger at your current bus stop location:

Lincoln-Way High School District 210 provides transportation services for NLS122 students through an intergovernmental agreement. NLS122 staff collect and discuss your request with LW210 Transportation.

The number of times a bus needs to stop during its route needs to be minimized for safety reasons and to keep the total bus ride time at a reasonable amount for all students. Students are expected to walk a reasonable distance to stops. Parents are expected to make the necessary arrangements to help their younger students get safely to and from stops.

If there is a clear danger on the way to the bus stop, NLS122 staff will discuss the situation with LW210 Transportation and respond to you regarding a solution.
